

Johnny B's Policy Requiring Face Coverings
Relating to Coronavirus/COVID-19

Subject to the following provisions, Johnny B's requests staff members, parents, and children to wear face coverings. All face coverings (whether disposable or reusable) must:

- Be made with at least 2 layers of breathable material,
- Fully cover the nose and mouth and secure under the chin,
- Fit snugly but comfortably against the side of the face,
- Be secured with ties or ear loops and allow the Guest to remain hands-free.

Johnny B's requires all its staff members to wear face coverings unless they are eating or engaged in energetic physical activity.

Johnny B's requires all children to wear face coverings, unless they are exempted under California Department of Public Health guidance (CDPH), or they are eating or engaged in energetic physical activity. Johnny B's recognizes that the CDPH exempts at least two categories of persons:

1. Persons with a medical condition, mental health condition, or disability that prevents wearing a face covering. This includes persons with a medical condition for whom wearing a face covering could obstruct breathing or who are unconscious, incapacitated, or otherwise unable to remove a face covering without assistance.
2. Persons who are hearing impaired, or communicating with a person who is hearing impaired, where the ability to see the mouth is essential for communication.

Johnny B's Inc. wants to empower children and their parents to take responsibility for who they are and how they are. Consistent with that mission, we will not inquire into a child's reasons for not wearing a mask, nor draw any attention to their decision not to wear a mask. We request that parents instruct their children to wear a mask unless they are exempt.

We have taken enhanced health and safety measures—for you, your children, and our staff.

An inherent risk of exposure to COVID-19 exists in any public place where people are present. COVID-19 is an extremely contagious disease that can lead to severe illness and death. According to the [Centers for Disease Control and Prevention](#), senior citizens and persons with underlying medical conditions are especially vulnerable.

By attending a Johnny B's activity, you voluntarily assume all risks related to exposure to COVID-19.

Help keep our program healthy. Be responsible.
